The Annual Quality Assurance Report (AQAR) of the IQAC

33(For Affiliated/Constituent Colleges)

Institutions Accredited by NAAC need to submit an Annual self-reviewed progress report i.e. Annual Quality Assurance Report (AQAR) to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the IQAC at the beginning of the Academic year. The AQAR period would be the Academic Year. (For example, June 1, 2017 to May 31, 2018)

CRITERION I – CURRICULAR ASPECTS

1.1 Curriculum Planning and Implementation

1.1.1 Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words
The college follows syllabus prescribed by the Gujarat University which is reviewed and updated by the
Board of Studies in different subjects every three years. Many of our faculty members are members of
Board of Studies in their respective subjects and are instrumental in conceptualizing and finalizing the
syllabi. They take into consideration feedback received from students as well as other faculty members
while giving their inputs during syllabus formulation.

The prescribed syllabus is implemented effectively to ensure timely completion of curriculum. Different methods such as use of power point presentations, audio-visual aids, field experiences, projects and assignments, guest lectures etc. are employed to ensure effective delivery of the syllabi. The college also offers Soft skill and Foundation courses to the First Year students to impart value education.

Each department holds a meeting in the beginning of the academic year where the Head of the Department allocates subjects to be taught during the academic year in consultation with the departmental colleagues. Each faculty member prepares a Teaching Plan outlining the time frame for syllabus delivery and methods to be employed as well as project work/assignment to be given for continuous evaluation and feedback to the students. The Teaching Plan is reviewed and approved by the Head of the Department.

Different committees prepare their schedule for co-curricular activities in the beginning of the academic year in consultation with the Principal. Once approved by the Principal, these activities are reflected in the academic calendar of the college.

(maximum 500 words) The institute obtains feedback on the syllabus, physical infrastructure, teaching-learning-evaluation process, co-curricular activities etc. from different stake holders especially students and teachers. The institute follows the syllabus prescribed by the Gujarat University as it is an affiliated institute. However, many of our senior faculty members are on the Board of Studies of their respective subjects. Teachers discuss and analyse the syllabus during departmental meetings and subject allocation and give feedback on the time framework, curriculum effectiveness and delivery etc. The faculty members who are members of the Board of Studies in their respective subjects pass on this feedback when the Board of Studies meets and the feedback given is taken into consideration while formulating the syllabus. Feedback given by the students on different parameters is analysed and discussed during staff meetings. The faculty members analyse and evaluate the responses given by the students. Necessary changes and improvements are made based on the feedback received from the students. In the current year, improvements were made in the washrooms for students based on their feedback. Some co-curricular activities were also planned based on the feedback.

2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words)

Faculty members of the college provide guidance and counselling to all the students right from the initial stage. At the time of admissions they are counselled about their subject choices based on their interests and career goals. Outstation students are given guidance on obtaining hostel accommodation. The college has a good number of blind students who need special attention and facilities. The college takes special care and consideration in implementing academic as well as cocurricular programmes to meet the needs of blind students. All students are provided necessary support for academic activities. Students participating in sports, cultural activities, NSS and other curricular activities are given additional support.

2.5.2 Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college uses assignments, presentations and multiple choice questions tests to carry out Continuous Internal Evaluation throughout the year. For CIE evaluation is carried out on completion of each unit. Students are given feedback on their performance during CIE. Students' performance is discussed and necessary suggestions are made in order to enable the students to improve their performance. Students whose performance is weak are given special guidance on methods to improve their performance.

2.5.3 Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college is affiliated to the Gujarat University. As such the college is mandated to adhere to the Academic Calendar provided by the University. However, the college prepares and implements its own Academic Calendar within the framework given by the University. The University Academic Calendar contains the broad framework of the academic year including the admission time frame, total number of academic days to be completed, internal as well as university examination schedule, semester start and end dates, vacations etc. Academic Calendar of the college contains the time frame and schedule for conducting academic and co curricular activities. While preparing the Academic Calendar the college takes inputs from all departments to ensure adequate representation of all departments as well as different sports, cultural, extension and academic activities. The Academic Calendar is formed in such a way that it avails all students equal opportunity to participate in activities of their interest.

7.2 Best Practices

• Ensuring Inclusiveness for Blind Students in Higher Education:

The college strives to encourage enrolment of blind students by helping them right from the admission process stage. Blind students are offered support services like helping them obtain hostel facilities in the city, arranging recorded lectures, providing them writers for their exams, arranging additional scholarships for them etc.

• Extension Activities:

The college has an NSS unit that carries out various extension activities throughout the year. As this

was a year of Assembly elections, the NSS Unit chose to work this year with "Voter Awareness" as its central theme. Various activities ranging from voter awareness campaigns, expert lectures, wall paper activities to assisting voters in preparing Voter ID cards were carried out to encourage maximum voter participation.

7.3 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust Provide the weblink of the institution in not more than 500 words

The institute works with the aim of ensuring inclusiveness in higher education for visually challenged students. For this purpose the college takes different measures right from the onset of the admission process. Blind students are encouraged to enrol in the college. At the time of admission the faculty and administrative staff provide special assistance in the form of guidance, counselling and hand holding. They are assisted in completing the centralised online admission process, making subject choices, arranging hostel facilities etc. Besides the college also helps facilitate a special scholarship given to blind students by Help the Blind Foundation – a Chennai based NGO in addition to scholarships offered by the government. In 2018-19 the college had a total of 33 blind students in different semesters of B.A. programme. The college extends special support to these students in their academics by arranging recorded lectures, providing them with writers during their college and university exams.

8. Future Plans of action for next academic year (500 words)

- The college will continue the measures taken to encourage enrolment of blind students.
- NSS Unit of the college will organise visits to different organisations that work towards social causes to sensitize the students and to inculcate a sense of responsibility towards the community.
- The college will organize a blood donation camp to create an opportunity for the students to contribute to the society in collaboration with the Red Cross Society of India.
- College will conduct different co-curricular activities to help all round development of students.
